## Bitcoin sells-off then surges. Hovering the \$6600 mark.

As BTC maintains its \$6000 resistance hold, it saw a big dip and buy back of around \$400 in price mid week triggering a frantic buy spree in the Altcoin market. Price action fairly turbulent with volume increasing.

### What is Ripples xRapid and xCurrent products?

Ripple's current flagship product xCurrent is a real-time payment and settlement solution used by financial institutions. It's success largely leaves XRP without any real utility. This is where xRapid comes in, to provide low cost liquidity to the market.

### Ripple dominates with news releases. Briefly takes #2 spot in market cap ranking.

With all the positive product news coming out of the Ripple camp, followed by a dramatic price rise (+65%), has breathed new life into the Altcoin market. This week has also seen several large cap gainers.
