## Resistance fails. Sharp break on BTC towards \$5000.

Bitcoin has seen a significant decline in price as influential players from the BCash camp projected doubt onto the Bitcoin project whilst the attention was on them. Where will BTC find its feet as the bear market continues?

**The BCH aftermath. BAB and BSV successfully split. Coins not available yet.**

This event has been exciting and truly disastrous to the crypto ecosystem. When a dominant chain's party fractures publically with all out war ensuing, it's not surprising the total market cap has fallen below \$200B.

**Activision alums raise \$16M to build EOS-powered blockchain game studio.**

"Their focus is online games where players **own the assets** they develop or acquire in the game – true digital ownership powered by the blockchain".  [Link](#)
